

July 3, 2023

Hi Dave,

Enclosed, are what I believe to be everything Versetfx and Image West related that I have. Enjoy!

Also, thanks again for checking for the Stanley & Stella 1" tape.

Tom McMahon has done a restoration on it resulting in a newly color corrected HD version (NTSC → HD conversion). It looks great. As soon as it is released on youtube, I will send you a link.

Take care,

Jim
